

Never Be Yours

Kali Uchis

Left, right, left, right
Get that all night
Get it right
Get it right
New chain, you changed
Here's your receipt
Get it right
Get it right

Hello Kitty, why the long face?
You keep on standin', standin', standin' in the same place
New coupons, riding in the Chevrolet with big bass
You're deep on talkin', talkin' 'bout how we all lack taste

Beamer, Bentley
Make me, spend me
New chain, you changed
Here's your receipt

Bring me down, tear me up
Take my very last buck
Go to class, kiss my ass
It'll bring you good luck
Brighten up, lighten up
What is it they're fighting for?
Slow it down, speed it up
Here's the cake they're biting for

I'm not gonna be yours right now
Cause I'll never be yours no how
I'm not gonna be yours right now
Cause I'll never be yours no how
Cause I'll never be yours...
