

# Ridin' 'Round

Kali Uchis

I'm riding 'round and my car's low  
(What you waiting for?)  
I feel like I hit the lotto  
(What you waiting for?)  
I'm riding 'round and my girl's high  
(What you waiting for?)  
We're riding 'round just to get by  
(What the fuck you waiting for?)

I'm riding 'round and my car's low  
(What you waiting for?)  
I feel like I hit the lotto  
(What you waiting for?)  
I'm riding 'round and my girl's high  
(What you waiting for?)  
We're riding 'round just to get by  
(What the fuck you waiting for?)

I don't gotta hide, no, I don't got reason to lie  
I don't need your drama, I don't need you to survive  
You don't gotta say it 'cause I know that you don't like me  
You and all your friends can open wide, go on and bite me  
I know I'm some shit and I'm cool with it  
You can't tell me shit, don't come and share your dialect  
Riding 'round your city like the cops now  
'Cause there's no way that we're gonna stop now

I'm riding 'round and my car's low  
(What you waiting for?)  
I feel like I hit the lotto  
(What you waiting for?)  
I'm riding 'round and my girl's high  
(What you waiting for?)  
We're riding 'round just to get by  
(What the fuck you waiting for?)

I'm riding 'round and my car's low  
(What you waiting for?)  
I feel like I hit the lotto  
(What you waiting for?)  
I'm riding 'round and my girl's high  
(What you waiting for?)  
We're riding 'round just to get by  
(What the fuck you waiting for?)

I know it sounds strange, but I used to count change  
On the counter at the grocery store, the bags I would arrange  
Now his face is looking kinda flustered  
He didn't know that I was my own hustler  
Baby, understand, I don't need a man  
Fuck me over, I'll fuck you worse then take off to Japan  
He thought I couldn't cross the street without holding his hand  
And that if he did his dirt he'd get off with a reprimand

Oh no, oh no, oh no  
Oh my, oh my, oh my  
Now we're riding 'round your city with the top down

Riding 'round your city like the cops now

Oh no, oh no, oh no

Oh my, oh my, oh my

Riding 'round your city with the top down

'Cause my passenger is pretty, we won't stop now

I'm riding 'round and my car's low

(What you waiting for?)

I feel like I hit the lotto

(What you waiting for?)

I'm riding 'round and my girl's high

(What you waiting for?)

We're riding 'round just to get by

(What the fuck you waiting for?)

I'm riding 'round and my car's low

(What you waiting for?)

I feel like I hit the lotto

(What you waiting for?)

I'm riding 'round and my girl's high

(What you waiting for?)

We're riding 'round just to get by

(What the fuck you waiting for?)
