

Sunshine & Rain...

Kali Uchis

Good morning, sunshine

I do nothing in the dark 'cause I believe in karma
When will I forgive my heart for always getting me in trouble?
God knows I play my part and always understands me
So used to everyone misunderstanding

Wish I didn't let my emotions run the way they ran me
Gave you my heart to hold, will I end up empty handed?
Riding through the storm brought me much needed clarity...
I just had an epiphany

Through sunshine and rain
As seasons change
We all need somebody
That makes the Earth feel heavenly
Baby, I'll be that somebody
'Cause you're that someone to me

Through sunshine and rain
As seasons change
We all need somebody
That makes the Earth feel heavenly
Baby, I'll be that somebody
'Cause you're that someone to me

Perfect as you are
You're perfect to me, baby
Lovers never say goodbye
Let's stay in love forever

And I've always been a hopeless romantic
No matter how many times it went and did me damage
At least I'm not scared to live
I'll never understand that
At least we're not like them
That'd be catastrophic...

Like, whatever happened to the human race?
Did everyone's brains get melted and deranged?
Bitches backwards to me...
When was it that you lost your common sense?
The world needs an epiphany...

Through sunshine and rain
As seasons change
We all need somebody
That makes the Earth feel heavenly
Baby, I'll be that somebody
'Cause you're that someone to me

Through sunshine and rain
As seasons change
We all need somebody
That makes the Earth feel heavenly
Baby, I'll be that somebody
'Cause you're that someone to me

Perfect as you are
You're perfect to me, baby
Keep holding me close
Like cotton on my skin, baby
Soft as summer rain
You and I go good together
Lovers never say goodbye
Let's stay in love forever

As seasons change
Through sunshine and rain
Let's stay in love forever
As seasons change
Through sunshine and rain

Come shine or rain
Come shine or rain
It's all the same
It's all the same
