

## What They Say

Kali Uchis

You don't gotta listen to what they say  
It ain't real  
We can do it all our own way, baby  
We can deal

And they pounding their fists on my door  
Say that they're gonna take us to court  
And they say we should take their advice  
Or it would cost us, our lives, but

You don't gotta listen to what they say  
(You don't gotta listen, you don't gotta listen no no no)  
It ain't real  
(You don't gotta listen, you don't gotta listen no no no)  
We can do it all our own way, baby  
We can deal

And they're pounding they fists on my door  
And they say that they'll take us to court (just don't believe it)  
And that we should take their advice (just don't believe it)  
And that it'll cost us our lives, but

You don't gotta listen, you don't gotta listen no, no, no  
You don't gotta listen, you don't gotta listen no, no, no  
You don't gotta listen, you don't gotta listen no, no, no

No, no no
