

Two Hands

Kalie Shorr

I can drink any man under the table
You say I should have a warning label
But you like it, yeah you like it
When I lose my keys I lose my mind
You just laugh and roll your eyes
But you like it, yeah you like it
I'm not perfect, you don't care
I ain't sorry, you ain't scared

Cause you got two hands
That know how to hold me
Loving like only you can
And maybe you're crazy but baby you'll take me as I am
You know I don't try to but I can be hard to handle
I might be a handful
But that's why you got two hands. That's why you got two hands

Well you hold the door but don't hold me down
Because you know you got nothing to worry about
And I like it, yeah I like it
You're tall, dark and confident
Who cares if we're opposites because I like it
Oh baby I like it

Cause you got two hands
That know how to hold me
Loving like only you can
And maybe you're crazy but baby you'll take me as I am
You know I don't try to but I can be hard to handle
I might be a handful
But that's why you got two hands. That's why you got two hands
