Show you round my city all night  
I just wanna take your hand  
And make you mine  
Girl you know this feelings right  
And unlike the rest  
I know how to treat you girl  
Listening when you speak  
I got everything you need  
Bring it forth  
Tell me what you want  
I don't want to be just another friend  
Baby it's been on mind  
So I'm a let my heart do the talkin

If you were my girl  
(Yeah yeah)  
I'll give you the world  
(Yeah yeah)  
Diamonds and some pearls
