

# Nobody But You

Kalin And Myles

It's nobody but you.  
Got me feelin' some type of way, girl you know what I like,  
It's nobody but you.  
Ain't nobody else, you the only one that's on my mind  
It's nobody but you-ou-ou-ou-ou-ou.  
It's nobody but you-ou-ou-ou-ou-ou.  
It's nobody but you.

You the only one I want,  
And I can't even lie, baby I won't front,  
Cause every time you walk by,  
I be too shy tryna say hi,  
But you smile back anyway with a wave like uh,  
Got me fallin' in love,  
Cupid hit me with an arrow,  
Hit me right in the butt, huh,  
Nothing, I'm just getting carried away  
Tryna tell you how I feel is kinda hard to explain,  
But here it goes, look,  
Girl you so beautiful, in and out,  
I ain't talkin' bout burgers,  
But if you hungry then we out,  
We could go there, or anywhere you want to,  
I'm just happy when you come through.

Cause ain't nobody else in the world got me feeling like this,  
And I'll be right here for my girl she know what it is,  
It's nobody but you.  
Got me feelin' some type of way, girl you know what I like,  
It's nobody but you.  
Ain't nobody else, you the only one that's on my mind  
It's nobody but you-ou-ou-ou-ou-ou.  
It's nobody but you-ou-ou-ou-ou-ou.  
It's nobody but you.

Okay now lemme break it down, lemme play the guitar,  
Tryna serenade ya girl,  
Tryna get to your heart,  
Cause every time I write a song, I'll be thinkin' of you,  
I'm just wonderin' if you're ever thinking about me too,  
Whats up,  
Young, beautiful,  
And every time you come around its like a high school musical,  
with my dance moves that I can't do, but you stand through,  
You say I'm crazy, I'm just crazy for you,  
Oh my, goodness gracious,  
Girl you know you got me makin' heart eye faces,  
And you know that I got patience,  
Uh, so take it slow, baby I don't mind waiting for you.

Cause ain't nobody else in the world got me feeling like this,  
And I'll be right here for my girl she know what it is,  
It's nobody but you.  
Got me feelin' some type of way, girl you know what I like,  
It's nobody but you.  
Ain't nobody else you the only one that's on my mind  
It's nobody but you-ou-ou-ou-ou-ou.

It's nobody but you-ou-ou-ou-ou.  
It's nobody but you.

Ain't nobody but you girl.  
I said ain't nobody but you girl.  
Ain't nobody but you girl.  
I said ain't nobody but you, oh.  
It's nobody but you.

Got me feelin' some type of way, girl you know what I like,  
It's nobody but you.  
Ain't nobody else, you the only one that's on my mind  
It's nobody but you-ou-ou-ou-ou-ou.  
It's nobody but you-ou-ou-ou-ou.  
It's nobody but you.
