

# Blood Ran Cold

Kalmah

The last drop has gone  
What have i done?  
I couldn't resist  
So hard to exist  
I've paid my bill  
I've made another kill  
No more me  
Nothing but defeat

Coldness has dressed me  
I've lost my will to live  
Fear in my dreams  
Controlled my inner self  
All that i felt  
Sense of the ignorance  
True or a dream  
I felt so vulnerable

It was so cold  
I saw the unseen  
Or a dream

My blood ran cold  
It shook my bones  
Blood ran cold  
Blood ran cold  
Blood ran cold

I was seduced  
Sweat came out of my face  
I could not sleep  
Or could not be awake  
Demons in me  
Told me to join their league  
Down on my knees  
I prayed the final sleep

I felt so cold  
I saw the unseen  
Or a dream

My blood ran cold  
It shook my bones  
Blood ran cold  
Blood ran cold  
Blood ran cold
