

# Break You Down

Kamaiyah

You keep saying you don't want me  
But your actions screaming loud  
Bet you gon' put me when nobody is around  
I can break you down, break you down, break you down  
Can break you down, break break, break you down  
I can break you down, break you down, break you down  
Can break you down, break break, break you down

You need a girl that treats you right  
You need a girl that freaks you right  
In the morning, in the evening  
That could freak you through the night  
Though I keep it tight, I say "Hell. yeah"  
Bump and grind, I say "Hell, yeah"  
Work your mind, get you open wide  
Won't be satisfied, can't go elsewhere  
We'll be making love like it's going out of style  
Freak you on the bed, on the floor and the couch  
Can see it in your eyes that when nobody is around  
You gon' put it down

You keep saying you don't want me  
But your actions screaming loud  
Bet you gon' put me when nobody is around  
I can break you down, break you down, break you down  
Can break you down, break break, break you down  
I can break you down, break you down, break you down  
Can break you down, break break, break you down

Can you satisfy my appetite?  
When I get it up, can you put it down, let me act it right?  
Don't be acting shy, go 'head and relax your mind  
Cause I'm a freak like you and it's maximized  
We can freak it, boy, we can freak it  
And we ain't gotta tell no one, it's our secret  
And I can see it in your eyes that you really want me  
And you gon' put it on me

You keep saying you don't want me  
But your actions screaming loud  
Bet you gon' put me when nobody is around  
I can break you down, break you down, break you down  
Can break you down, break break, break you down  
I can break you down, break you down, break you down  
Can break you down, break break, break you down

You keep saying you don't want me  
But your actions screaming loud  
Bet you gon' put me when nobody is around  
I can break you down, break you down, break you down  
Can break you down, break break, break you down  
I can break you down, break you down, break you down  
Can break you down, break break, break you down
