

# Every Friday

Kamaiyah

I said I would never fall in love  
But somehow, I still do it every Friday  
Turned up, I get to it in the club  
Get that name and number, you're my babe  
One drink, two drinks, three drinks, four  
Throw in that thing, lil' baby, get low  
One drink, two drinks, three drinks, four  
Baby, you're the one that I want

Hey, what's your name, is it good?  
'Cause I like the way you try to read  
I found love and it's good  
I do this on a Friday  
Quit playing with the love, ayy  
You can swing it over my way  
Got that drink in my cup, ayy  
So you know I'm buying it

I'm too faded, yeah, yeah  
But you, baby, yeah, yeah  
That sex ready, yeah, yeah  
Why I'm giving, yeah, yeah

Struck my interest, and the club ain't ending  
No, it just got started, so, babe, let's party
