

Extra Love

Kamaiyah

Since you passed my way
I can't get focused, can't concentrate
Baby, honestly, you come back to me subconsciously
Can we conjugate time for you, baby? I would advocate
It is not a way that God didn't make you and you're not for me
Your friend keep lookin' my way
Not for me, blockin' my game
Swerve your homie outa my face
Come slowly, doin' my thing
Can I know you?
Can I show you?
Everything you been through we can grow through
I console you
Put it on you
Do every lil thing that you wan' do, ay

I need extra love
Don't you dare try to treat me like I'm regular
Ay, bae, I'm a better love
You been broke down, baby, I can build you up
Like professional, you keep throwin' that thing like professional
Like professional, you keep throwin' that thing like professional

Ay, bae, just tryna know your name, gotta put it on you
Ay, bae, just tryna know your name, gotta put it on you, ay
Ay, bae, just tryna know your name, gotta put it on you, ay
Ay, bae, just tryna know your name, gotta put it on you

Don't you dare try to act like you're hard to get
Cause the club finna end and my heart is [?]
Don't you turn me down, I have a heart attack
If you turn me down, I have a heart attack, ay
Where you finna go when the club end?
Hungry? Let's get late night grub then
Ain't got a tell a soul nothin'
I'll bring the homies, bring a friend

I need extra love
Don't you dare try to treat me like I'm regular
Ay, bae, I'm a better love
You been broke down, baby, I can build you up
Like professional, you keep throwin' that thing like professional
Like professional, you keep throwin' that thing like professional

Ay, bae, just tryna know your name, gotta put it on you
Ay, bae, just tryna know your name, gotta put it on you, ay
Ay, bae, just tryna know your name, gotta put it on you, ay
Ay, bae, just tryna know your name, gotta put it on you

Don't you dare try to treat me like I'm regular
Throwin' that thing like professional
Don't you dare try to treat me like I'm regular
Throw- throwin' that thing like professional
Don't you dare try to treat me like I'm regular
Throw- throwin' that thing like professional
