First things first  
Make it bounce  
For I put it in hearse  
(First)  
And I'm give it  
But I gotta put the rhythm  
In the earth  
(Earth)  
You won't even hear it  
If the feeling isn't dripping  
On your shirt  
(Shirt)  
First things first  
Make it bounce  
Or it's never gonna work  
(Heh)

All Night  
All Night  
You thirrsty  
Them guys  
They dry  
It hurts meee  
To see  
You cry  
It hurts meee  
All Night I've got water for you

Sweat  
Gotta make you sweat first  
Gotta make you sweat first  
Gotta make you sweat first  
First I gotta make you wet  
Gotta make you wet first  
Gotta make you wet first  
Gotta make you wet first

I got water  
From my faucet  
And I hope & dream  
That you find it delightful  
Enough to share a drink  
They say sharing is caring  
We share the therapy  
All Night I'm serving  
You all of my energy

All Night  
All Night  
You thiirsty  
Them guys  
They dry  
It hurts meee

To see  
You cry  
It hurts meee  
All Night I've got water for you

Sweat
