

Gaims

KAMAUU

Girls just wanna play games (hahaha)
I said girls just, girls just wanna play games

You call her on the phone
She will never call you back
(She will never call you back)
You see her on the street
She be like 'call me sometime'
(Sometimes means neva eva)
I said girls (girls) just (just)
Girls just wanna play games
I don't need none
Give it to me straight

I'm
Walking down the street
When I see the finest Queen (ooohh...)
Now I ain't gonna lie
I observed everything
I gathered my composure
I said
"Hello, Hello
I do really like to meet ya
Could I walk you over
To where you're going to"
She said
"Thanks and sure"
I said
"Oh ahhh Yebo!"

You call her on the phone
She will never call you back
(She will never call you back)
You see her on the street
She be like 'call me sometime'
(Sometimes means neva eva)
I said girls (girls) just (just)
Girls just wanna play games
I don't need none
Give it to me straight

Now we're walking down the street
And she's wearing the widest grin
(ChaChing)
I said, "My names KAMAU
Rhymes with KaPOW with an M"
(SwagSwag)
She said her name was Lola
I asked her could she slow up
I think we were approaching
The front door, it'll be over soon
I want to know much more
And she asked for my cell phone

You call her on the phone
She will never call you back
(She will never call you back)

You see her on the street
She be like 'call me sometime'
(Sometimes means neva eva)
I said girls (girls) just (just)
Girls just wanna play games
I don't need none
Give it to me straight

No when I call you
You don't call back
Till like two days later
(Later, Later)
You try to make me thirsty
So when you call back
You can be the smooth hydrator
(Drator, Drator)
And when you hit me on the phone
I wanna hang out, Water, Water
(Mmmmm Water, Water)
And you said you're free this Friday
So I put in an order
And she said "Sure"

Hit you on a Thursday
You said you were working
You were gonna hit me that night
(Night)
You never hit me later
So when Friday came up
You were nowhere in sight
I never saw another text ever
And I never saw her face again
I'm so tired of chasing women
Playing games there's no way I can win
I'm so tired of your games
I'm gonna kill you
(WHAT!?)
(Yo, did you just say you were gonna kill that girl) (AAAAAGHHH)
Anyway...

You call her on the phone
She will never call you back
(She will never call you back)
You see her on the street
She be like 'call me sometime'
(Sometimes means neva eva)
I said girls (girls) just (just)
Girls just wanna play games
I don't need none
Give it to me straight

You call her on the phone
She will never call you back
(She will never call you back)
You see her on the street
She be like 'call me sometime'
(Sometimes means neva eva)
I said girls (girls) just (just)
Girls just wanna play games
I don't need none
Give it to me straight
