KAMAUU

Hello, my name is Kamau
Ay ay, I am from the clouds
I'm a human
I'm a human now, but I used to be
I used to be a raindrop, word up
I'm really good at puttin' words up
I make 'em levitate in circles with the birds
I don't need to force it, I let it occur
Whatever occurs, thank you
Feel like I was touched by an angel
Once again, a whole 'nother angle
I got a lotta holes in my angle
I got a lotta love and a whole lotta ignorance
And that's a good thing if you want to relate

I'm just tryna relate
I'm just tryna relate
I'm just tryna relate
I'm just tryna relate

Live! From the! Present! Now!
I Present, A Present, A Presence, KAMAU
Hoorah!, KAMAU
Hoorah!, KAMAU
Hoorah!, KAMAU
Hoorah!, KAMAU

Hello, hello, hello, hello
Hello, hello, hello, hello-hello
It's KAMAU like KaPOW with an M
I gets down like gravity
Wrap raggedy rappers in raps
Rapidly follow the rabbit
Into the rapids of being rabid
I'm rabbling raddled riddles and
Ribbons into the sky
I'm a rebel feeling ribbity
Rhythmically awry
And rigorous when I write
To the rhythm whittled inside
I
I am the killer in the grasses
I am the kid in the corner with the glasses
I am the specter, you should respect-ah
I don't expect it
Special ain't special
I don't expect nothing
I'm just really glad I can say something
That's a blessing
Ain't no stress infecting my presence
But sometime pressure keep pressing
Worst case; my impression impress
That's a way to relate

I'm just tryna relate
I'm just tryna relate
I'm just tryna relate

I'm just tryna relate

Live! From the! Present! Now!

I Present, A Present, A Presence, KAMAU

Hoorah!, KAMAU

Hoorah!, KAMAU

Hoorah!, KAMAU

Hoorah!, KAMAU

Hello, hello, hello, hello

Hello, hello, hello, hello-hello
