

TRANSPARENCY

KAMAUU

Oh

Show me something
A sign of something
Beyond the veil
It's hard to tell
It's hard to move

Show me something
A sign of something
Beyond the veil
It's hard to tell
It's hard to move
Oh

My road is hard to see
It's all seems dark to me
I know this heart just needs
Transparency
Oh

I noticed silently
I know inside of me
I hold it vibrantly
Transparency
Oh

Mmm

Wade in the mirror, heh
In my reflection
Clouds in the wind
And I will pretend
That I wasn't lonely

Shame in the mirror
In my reflections
Clouds in the wind
I pretend
Eye was closing
Oh

My road is hard to see
It all seems dark to me
I know this all just needs
Transparency
Ooh

I noticed silently
I know inside of me
I hold it vibrantly
Transparency
Oh

Show me something
A sign of something
Beyond the veil

It's hard to tell
It's hard to move

Show me something
A sign of something
Beyond the veil
It's hard to tell
It's hard to move
Move
