

# Lock Me Up

Kameron Marlowe

There's barbwire all around it  
Gates close after dark  
Sun sets behind the towers  
Sometimes the times are hard  
I've seen people make it out  
I've seen a few come back and visit  
Well, I've heard it called everything  
From hell to hometown prison  
Well, hell, if this is prison

Sentence me to life out here  
Like them boys in Alcatraz  
I'll wear my last name  
Like a number on my back  
Handcuff me to my roots  
No, don't ever set me free  
Lock me up in a small town  
And throw away the key

No, I ain't trying to run  
Ol' Red can get some sleep  
I'm just fine doing my time  
Behind these old pine trees  
Shackle and chain me  
When I go lay me  
Right here six feet deep

Sentence me to life out here  
Like them boys in Alcatraz  
I'll wear my last name  
Like a number on my back  
Handcuff me to my roots  
No, don't ever set me free  
Lock me up in a small town  
Yeah, and throw away the key  
Away the key

Lock me up, lock me up  
Lock me up in a small town  
Lock me up in a small town

Sentence me to life out here  
Like them boys in Alcatraz  
And I'll wear my last name  
Like a number on my back  
Handcuff me to my roots  
No, don't ever set me free  
Lock me up in a small town  
Yeah, and throw away the key  
Yeah, throw away the key
