

Raise One Up

Kameron Marlowe

This is one for them old boys
There in them old trucks
Crankin' some Hank in a Mellencamp town
Crushin' some cold beer
Rockin' a John Deere tan
On the back of their necks from plowing that ground
From when the sun comes up
Till it goes back down
It just runs through their blood like roots runnin' in the ground

Raise one up if you're a two lane dirt road junkie
Livin' on love, lovin' on a honey
Sweet as honeysuckle growin' on the vine
Raise one up if you were raised up front pew believin'
Back porch sittin' and tailgate dreamin'
If fishin' in the dark was your first taste of love
Raise one up

This is one for them home teamers
Packin' them home bleachers
All of them home game Friday nights
All of the sunsets from the back of the truck bedders
Watching God paint the sky

Raise one up if you're a two lane dirt road junkie
Livin' on love, lovin' on a honey
Sweet as honeysuckle growin' on the vine
Raise one up if you were raised up front pew believin'
Back porch sittin' and tailgate dreamin'
If fishin' in the dark was your first taste of love
Raise one up

Raise one up if you're a two lane dirt road junkie
Livin' on love, lovin' on a honey
Sweet as honeysuckle growin' on the vine
Raise one up if you were raised up front pew believin'
Back porch sittin' and tailgate dreamin'
If fishin' in the dark was your first taste of love
Raise one up

Oh, raise one up
