

Leave this town

Kamil Bednarek

Oh girl, I wanna leave this town today
No matter what dema do
No matter what dem say
Now we haffi keep moving on
Oh girl, I wanna leave this town today
No matter what dema do
No matter what dem say
Now we haffi keep moving on

Everyday people see only money, money
To me their reality seems so fucking funny
From the beginning to the end
Human has sold his soul
For gold losing his righteous way
Inna di streets dem people have hearts so cold
Lord gave me a chance
The success is not my fault

Oh girl, I wanna leave this town today
No matter what dema do
No matter what dem say
Now we haffi keep moving on
Oh girl, I wanna leave this town today
No matter what dema do
No matter what dem say
Now we haffi keep moving on

Everything inside of me feels so real
Even though I know you wanna be free
Everything inside of me is like a harmony
Everything inside of me feels so real
Even though I know you wanna be free
Everything inside of me is like a soulful melody

Oh girl

Oh girl, I wanna leave this town today
No matter what dema do
No matter what dem say
Now we haffi keep moving on
Oh girl, I wanna leave this town today
No matter what dema do
No matter what dem say
Now we haffi keep moving on
Oh girl, I wanna leave this town today
No matter what dema do
No matter what dem say
Now we haffi keep moving on
