Nobody looks at me like you No-one, I still feel chills but i can't stop this
Nobody makes me high like you No-one, no-one, no-one

We have to stay strong On the way to our happiness Surrounded by this madness Overflowed by this feeling
We have to stay strong On the way to our happiness Surrounded by this madness Overflowed by this feefmg
Hear the music of my soul And remember that I wanna be close to you Cause I feel...
Nobody can touch me the way you do Gently and softly This is incredible
No-one can kiss me like you
We cannot lose the faith in the truth We've got one night in this paradise We have so much to discover We don't have to think twice

We have to stay strong On the way to our happiness Surrounded by this madness Overflowed by this feeling Hear the music of my soul And remember that l wanna be close to you Cause l feel... Nobody can touch me the way you do Gently and softly This is incredible No-one can kiss me like you We cannot lose the faith in the truth We've got one night in this paradise We have so much to discover We don't have to think twice There are no lies one night in this paradise This is like a purification from the bad vibes Let's follow the guiding lights While we have the truth on our Hear the music of my soul And remember that I wanna to be close to you Because I feel, yes I feel powerful energy Only you and me!, ' l want to shout out!! i' This beautiful word! LOVE... LOVE...
