Our revolution,

this world's making progress to slow
our revolution
don't treat me like a toy

Day by day, night by night,
we haffi learn man to live here together
day by day, nuff a dema night by night,
you must believe that your life is a treasure

Everyday I see poor people eyes I swear
me can take them away to a better day
every night I feel them tears I wanna say "Cheer up!"
this song is like a sweet sensimila

Our revolution,
no chance to grow,
this world's making progress to slow
