

## Sailing

Kamil Bednarek

I'm sailing, I got a trip so long  
It's a long way home to you  
I'm sailing, I got a trip so long  
It's a long way home to you

I found a place in your soul where I hide my fears  
Unbeliveable fear  
Oh, can't you see  
How long this rocky journey to me?  
Yeah, be follow di badman ways  
Where nobody wanna come and save  
I wanna be close to you, only you  
Armour to come out brave  
Time after time we rose and fell  
Thru the winds of change like a spell  
I gotta find the way

I'm sailing, I got a trip so long  
It's a long way home to you  
I'm sailing, I got a trip so long  
It's a long way home to you

Now you're so far away  
I pray our love like a flame won't fade away  
We haffi be crystal clear  
Let's try to feel natural mystic inna di atmosphere  
Be follow di badman ways  
Where nobody wanna come and save  
I wanna be close to you, only you  
Armour to come out brave  
Time after time we rose and fell  
Thru the winds of change like a spell  
I gotta find the way

I'm sailing, I got a trip so long  
It's a long way home to you  
I'm sailing, I got a trip so long  
It's a long way home to you

I'm sailing, I got a trip so long  
It's a long way home to you  
I'm sailing, I got a trip so long  
It's a long way home to you
