

## Our Hounds, Our Legion

Kampfar

A moonlight force  
A moonlight slavery  
A whip from the underworld  
By the shadow gods  
A moonlight force  
A moonlight slavery  
A whip from the underworld  
A nightcrawling new order

Slaves by the saviour of pain  
From the shadows of medieval flames  
A dominant force will prevail  
Insanity strikes from the strings of tails  
A legion of nightcrawlers  
A legion of pain  
Servants are crawling  
A single disciplinary spell

A snatch  
Mice and men in line  
A tail  
Hounds in a pack  
A sting  
Dominant commands for the scapegoats  
A snatch  
A disciplinary tail

Whip up the legions  
A snatch from the saviours of pain  
Evolution of rebellions  
Nightcrawlers in the shadows of tails

Whip up the legions  
Moonlight slavery by the shadow god  
A new world is rising  
An institution of dominant tails

A moonlight force  
A moonlight slavery  
A whip from the underworld  
By the shadow gods  
A moonlight force  
A moonlight slavery  
A whip from the underworld  
A nightcrawling new order

Children hear!  
The powerful new world  
My children  
Commands are ignored  
A whip!  
Enslaved servants crawling  
A legion of nightcrawlers, breathing dirt  
Hound, hounds in pack

My children

You servants of scapegoats  
Obey the spell of salvation  
Nightcrawlers of rebellion, hear!  
Salavation will be yours  
The new world will be yours  
The new order of pain stimulus!
