

Alright

KAMRAD

Oh, oh, oh
Yeah, I wish you bad luck
Oh, oh, oh
And I hope your life sucks
Oh, oh, oh
Baby, you were my drug
And when we danced it was never enough

Oh, oh, oh
I was twenty feet high
Oh, oh, oh
You brought me down with your lies
Oh, oh, oh
I put my love on the line
And now it is, but I really don't mind

I'm better off alone
Let me down, let me down, down
I'm happy on my own
So let me down, let me down, down

It's alright (alright)
I didn't like your friends and your dad anyway
It's alright (alright)
Hated the vacations, the days in LA
It's alright (alright)
I didn't like the songs that you played every day
It's alright
It's alright

Oh, oh, oh
Yeah, I wish you bad luck
Oh, oh, oh
That you trip and get stuck
Oh, oh, oh
Hope it's raining a lot
And all your friends realize that you suck

I'm better off alone
Let me down, let me down, down
I'm happy on my own
So let me down, let me down, down

It's alright (alright)
I didn't like your friends and your dad anyway
It's alright (alright)
Hated the vacations, the days in LA
It's alright (alright)
I didn't like the songs that you played every day
It's alright
It's alright

La la la la la la
La la la la la la
La la la la la la la la
La la la la la la

La la la la la la (yeah, I wish you bad luck)
La la la la la la (and I hope your life sucks)
La la la la la la la la (yeah, I wish you bad luck)
La la la la la la (and I hope you realize you mess me up)

It's alright (alright)
I didn't like your friends and your dad anyway
It's alright (alright)
Hated the vacations, the days in LA
It's alright (alright)
I didn't like the songs that you played every day
It's alright
It's alright

La la la la la la
