

I Hope You End Up Alone

KAMRAD

I hope you end up alone
With me
Cause I'm a mess on my own
You see?
And I'm not good at playing love songs
But I feel bad whenever you're gone
I hope you end up...

Honestly
I don't ever wanna see
You with anyone but me
I won't let it show
Nah, nah
And it seems
I'm already way too deep
Hate that I've been losing sleep
Now, who's in control?
Nah, nah

I'm falling for you, baby
Out of my mind, maybe
Ain't gonna lie
You should know

I hope you end up alone
With me
Cause I'm a mess on my own
You see?
And I'm not good at playing love songs
But I feel bad whenever you're gone
I hope you end up...

Honestly
I might have a tendency
Of doing what's not good for me
It's hard to let go
Nah, nah
Anyway
I know this is not a phase
Wanna see you everyday
Let's not take it slow
Nah, nah

I'm falling for you, baby
Out of my mind, maybe
Ain't gonna lie
You should know-ow-ow-ow-ow
Been running away lately
Now I wanna stay baby
I ain't gonna lie
You should know

I hope you end up alone
With me
Cause I'm a mess on my own
You see?
And I'm not good at playing love songs

But I feel bad whenever you're gone

I hope you end up alone

With me

I hope you never let go

Of me

Call me a loser, call me crazy

But you will end up with me baby

I hope you end up alone (Oh oh oh oh)

I hope you end up alone (Oh oh oh oh)

I hope you end up alone

I hope you end up alone

I hope you end up with me
