

# Waiting

KAMRAD

Hey girl  
Well I know, well I know, well I know  
It's hard sometimes  
Why do you shut your eyes, do you shut your eyes?  
Well, I know  
Real love, real love  
Won't come to you over night  
But maybe we can find it now

We talk all night  
Between these bottles of wine  
But then you're going home, I'm alone once again  
And I don't know why  
But still you're wearing my  
Old shirt you took last night  
And I wanna know, wanna know, wanna know, I wanna  
Yeah, I wanna know why

Why are you waiting?  
Why are you waiting?  
This love could make us feel so high  
Why are you waiting?  
Why are you waiting?  
This Love could make us feel  
Love could make us feel so

High-ah-ah  
High-ah-ah-ah High-ah-ah  
This love could make us feel  
Love could make us feel so  
High-ah-ah  
High-ah-ah-ah High-ah-ah  
Your love could make me feel so high

Hey girl  
Don't you know, don't you know, don't you know  
How hard I'm trying  
To get this on your mind, and tell me would you mind  
Letting go?  
You're holding on, holding, don't go on  
And waste our time  
It seems like everybody knows

I dry your eyes  
We feel so close for a while  
But when  
When it's dawn you are gone  
Cause you fear that this ain't right  
But still you're wearing my  
Old shirt you took last night  
And I wanna know, wanna know, wanna know, I wanna  
Yeah, I wanna know why

Why are you waiting?  
Why are you waiting?  
This love could make us feel so high  
Why are you waiting?

Why are you waiting?  
This Love could make us feel  
Love could make us feel so

High-ah-ah  
High-ah-ah-ah High-ah-ah  
This love could make us feel  
Love could make us feel so  
High-ah-ah  
High-ah-ah-ah High-ah-ah  
Your love could make me feel so high

I-I'm waiting for you  
I keep waiting for you  
I-I'm waiting till you stay the night  
I-I'm waiting for you  
I keep waiting for you  
I-I'm waiting till you stay the night  
I-I'm waiting for you  
I keep waiting for you  
I-I'm waiting till you stay the night  
I-I'm waiting for you  
I keep waiting for you  
I-I'm waiting till you stay the night

Why are you waiting?  
Why are you waiting?  
This love could make us feel so high  
(You got me feeling so high)  
Why are you waiting?  
Why are you waiting?  
This Love could make us feel  
Love could make us feel so

High-ah-ah  
High-ah-ah-ah High-ah-ah  
This love could make us feel  
Love could make us feel so  
High-ah-ah  
High-ah-ah-ah High-ah-ah  
Your love could make me feel so high
