

Dear Georgia

Kane Brown

Dear Georgia
I couldn't make my way to California
I just needed something a little closer than too far
Just a county line apart
We're wishing on the same old small-town stars

And I'm sorry
If I ever turned my back on anybody
Wasn't worth it looking back on all the parties that I've been
And all the places that I went
So, I wrote this song for you and all my friends, yeah

Oh, ain't nothing but one interstate road
From anywhere we wanna call home
And right now, it's Tennessee
But no matter where I go, you'll always be
My dear Georgia
Dear Georgia

Well, I miss ya
Yeah, I'm rollin' right through nowhere West Virginia
And I keep thinking about you lately
And I meant to tell you how much I wish I was there right now
Close my eyes and see the pines that lead me on my way back south

Oh, ain't nothing but one interstate road
From anywhere we wanna call home
And right now, it's Tennessee
But no matter where I go, you'll always be
My dear Georgia

Oh, ain't nothing but one interstate road
From anywhere we wanna call home
And right now, it's Tennessee
No matter where I go, you'll always be

Oh, ain't nothing but one interstate road
From anywhere we wanna call home
And right now, it's Tennessee
But no matter where I go, you'll always be
My dear Georgia
Dear Georgia
