

Do Us Apart

Kane Brown

Long after that sun burns out that sky
Long after that ocean don't turn the tide
One thing is true
I'll be loving you

And one day when the mountains and the valleys align
I'll still be yours
You'll still be mine
One thing is true
I'll be loving you

A love like this'll live on, I know
Even on the day that He calls me home
No, I won't be far
Even death won't do us apart

I'm taking every day that forever will give
In this life and the life after this
Hang a hat on your heart
Even death won't do us apart

We're a flame that wasn't meant for burning out
We'll be standing tall when it all burns down
One thing is true
I'll be loving you

A love like this'll live on, I know
So even on the day that He calls me home
No, I won't be far
Even death won't do us apart
No, no, no

I'm taking every day that forever will give
In this life and the life after this
Hang a hat on your heart
Even death won't do us apart
Do us apart

A love like this'll live on, I know
Even on the day that He calls me home
No, I won't be far
Even death won't do us apart

I'm taking every day that forever will give
In this life and the life after this
Hang a hat on your heart
Even death won't do us apart

No, no, no, no
Hang a hat on your heart
Even death won't do us apart
It won't do us apart
