

Drunk or Dreamin'

Kane Brown

One and two
And one, two

In slow motion you walked in and swept me off of my feet
You grabbed my hand, we start to dance, and next thing I know we
We're lost in conversation underneath that neon moon
Pinch me twice 'cause this here night's
Too good to be true

I'm either drunk or I'm dreamin'
Wake me up around closing time
Where we going when we're leaving?
Is it your place or is it mine?
Are you thinkin' what I'm thinkin'?
Thinkin' we should take it on to anywhere the coast is clear
How'd I end up in the deep end?
I'm either drunk or I'm dreamin'

I've seen a million faces, I've been here a thousand times
I'm here just to catch a little buzz, ain't nothing caught my eye
I bet all these whiskey Cokes are cracking jokes on me
There's no way that the good Lord sent this angel to Tennessee

I'm either drunk or I'm dreamin'
Yeah, wake me up around closing time
Where we going when we're leaving?
Is it your place or is it mine?
Are you thinkin' what I'm thinkin'?
Thinkin' we should take it on to anywhere the coast is clear
How'd I end up in the deep end?
I'm either drunk or I'm dreamin'
Let's go
Woo

We're lost in conversation underneath that neon moon
Pinch me twice 'cause this here night's
Too good to be true

I'm either drunk or I'm dreamin' (Yeah)
Wake me up around closing time
Where we going when we're leaving? (Your place)
Is it your place or is it mine?
Are you thinkin' what I'm thinkin'?
Thinkin' we should take it on to anywhere the coast is clear
How'd I end up in the deep end?
I'm either drunk or I'm dreamin'
Yeah, how'd I end up in the deep end?
I'm either drunk or I'm dreamin'

Hit me again, woo
Am I drunk or am I dreamin', baby?
Drunk or dreamin'
Drunk or dreamin'
Drunk or dreamin'
Ah-la, la-la, la, la-la
(Drunk or dreamin', drunk or dreamin')
You gonna take me back to your place, baby?
