

# Grand

Kane Brown

I had thoughts of superstardom  
Singing in the mirror, I was flossing, swear that I saw this  
Remember when I couldn't stand it, now I got the posture  
Finally threw a pair of dice, call me Frankie Scoblete  
All just to see your hands jumping at the concert, yeah  
And I wouldn't trade it for nothing  
No, I wouldn't change it ever  
It's too long to live it for nothing  
So, this is my mood forever

Ain't life grand?  
Only ones I keep around me is my fam  
No coincidence, it's always been the plan  
And I always keep it trilly with the fans  
Oh, ain't life grand?  
And I love a little whiskey in my hand  
Make it disappear then reappear again  
Matter fact I never want this life to end, until the end, yeah

The voices in my head, they used to make me want to break down  
Had me hella weighed down  
Had me in a corner, had me beat, but I'm okay now  
True to what they say, if there's a will, then there's a way out  
Took all of my dreams, I took 'em back 'cause I'm awake now, yeah  
And I wouldn't trade it for nothing  
No, I wouldn't change it ever  
It's too long to live it for nothing  
So, this is my mood forever

Ain't life grand?  
Only ones I keep around me is my fam  
No coincidence, it's always been the plan  
And I always keep it trilly with the fans  
Oh, ain't life grand?  
And I love a little whiskey in my hand  
Make it disappear then reappear again  
Matter fact I never want this life to end until the end, yeah

I saw it all, I saw it in my head, yeah  
I saw it all, I saw it in my head, yeah  
I saw it all, I saw it in my head, yeah

Ain't life grand?  
And I wouldn't trade it for nothing  
No, I wouldn't change it ever  
It's too long to live it for nothing  
So, this is my mood forever

Ain't life grand?  
Only ones I keep around me is my fam  
No coincidence, it's always been the plan  
And I always keep it trilly with the fans  
Oh, ain't life grand?  
And I love a little whiskey in my hand  
I sip it down so I can fill it up again  
Matter fact, I never want this life to end, until the end, yeah

I saw it all, I saw it in my head, yeah  
I saw it all, I saw it in my head, yeah  
I saw it all, I saw it in my head, yeah  
Ain't life grand?  
I saw it all, I saw it in my head, yeah  
I saw it all, I saw it in my head, yeah  
I saw it all, I saw it in my head, yeah  
Ain't life grand?
