

Stay

Kane Brown

I know we both want what's best
Lately, I've done the worst
But if you give me one more chance
I—
I'll heal up that hurt

So, why don't you stay?
Baby, don't leave
You and me know
You don't have to go
So, why don't you stay?

These sterling picture frames
Our better days are in 'em
But if you give me one more night with you, girl
We can make it one to remember

So, why don't you stay?
Baby, don't leave
You and me know
You don't have to go
So, why don't you stay?

Why don't you try?
I'm begging you, please
Girl, we both know
You don't have to go
So, why don't you stay?

So, why don't you stay?
Baby, don't leave
You and me know
You don't have to go
So, why don't you stay?

Why don't you try?
I'm begging you, please
Girl, we both know
You don't have to go
So, why don't you stay?
Girl, we both know
You don't have to go
So, why don't you stay?
