

There Goes My Everything

Kane Brown

Everything, everything, everything...

I watch her every morning
Putting on her make up
That girl comes without a warning
So addicting, I can't get enough
She gets dressed for work, grabs her keys then she leaves
Yeah that goodbye kiss kills me

There goes my everything
My everything
My all, my love for sure
She's everything I wanna need
And then she's even more
When I see her face I can't help but think
There goes my everything

Everything, everything, everything...

Everytime we're in a party
I still watch her from across the room
I ain't notice everybody
They can't even help but watch her too
Dressed up or dressed down
And she can't help but shine
I can't believe she's mine

There goes my everything
My everything
My all, my love for sure
She's everything I wanna need
And then she's even more
When I see her face I can't help but think
There goes my everything

There goes my everything

Everything, everything, everything...

I watch her every morning
Putting on her make up

There goes my everything
My everything
My all, my love for sure
She's everything I wanna need
And then she's even more
When I see her face I can't help but think
There goes my everything

There goes my everything

Everything, everything, everything...
