

It's Fine

Kane Strang

It's a push, it's a shove
It's the tug of who you love
It's a yank, it's a pull
It's the one who makes you drool
He's so good at that, but he's no good at you
And that's fine, you're not mine
It's a boy, it's a man
It's the head that's in your hand

Take me home
I do not care
I'm only here
I'm only here for you
It's a look, it's a kiss
It's the one you shouldn't miss
It's a touch, it's a feel
It's the one who can't be real
Getting closer now, but you can't seal the deal
And that's fine, you're not mine
It's a boy, it's a man
It's the head that's in your hand

Take me home
I do not care
I'm only here
I'm only here for you, you, you, you
And it's fine, you're not mine
You, you, you, you
And it's fine, you're not mine

He's no good at that, but he's so good at you
And that's fine, you're not mine
