

## She's Appealing

Kane Strang

She's appealing  
Peeling back my skin, till I let her in  
She's so inviting  
I always let her win  
She is troubled  
Troubled by the velvet that's in the sky  
She's so wonderful  
Never told her why

She is dying  
Dying to jump up and get out of here  
She's so excited  
Thinking what to wear  
She's amazing  
A maze I just couldn't make it through on time  
She's so misleading  
Wish that she was mine

So inviting  
I always let her win  
So excited  
Thinking what to wear
