Standstill

Kane Strang

```
I was
Was until I wasn't
Did until I didn't, ah

False peaks
I've been all light, no heat
Why can't I play the part?
Have I come to a standstill? Ah

You can
Can until you can't
Are until you aren't

Sunset
Just painted the town red
I can't tell us apart
But I've come to a standstill
```
