Scream

Somebody better find some answers Somebody better learn along the way Somebody better be pretentious Somebody better try along the way

And how long can this go on? How long before it breaks up How long

I wanna scream Oh yeah I want you to know me I wanna scream Oh yeah

Somebody better find some answers Somebody better try to mend the ways Somebody better take your chances Somebody like you along the way

For how long can this go on? How long until we wake up How long

I wanna scream Oh yeah Want you to know me I wanna scream Oh yeah

I wanna scream Oh yeah Want you to know me I wanna scream Oh yeah I know you can show me I wanna scream Oh yeah Kane
