

So Long

Kankan

It's been so, so long (So, so long)
It's been so, so long (So, so long)
So, so long (So, so long)
It's been so, so long (So, so long)
It's been so, so long (So, so long)
I've been on my own
It's been so, so long (So, so long)
Me and the gang get throwed
Me and my gang get deep-thrown
I got rich, put the whole team on
Put the whole team on, need some much of that lean, uh
And I need someone, who the fuck can I lean on baby
Nigga and my heart been gettin' broke, gettin' high off Roxy
Nigga I done seen it all before, you tryna get right beside me
And when it all goes down, who gon have my back
And when it all goes down, who gon be beside me
Nigga who gonna have my back, nigga who gonna have my spine
I got bitches tryna come back, baby but I'm running out of time
Yeah, I can't get my time back, I can't rewind
Hit the roll with my bruddas, we ain't worried bout nobody
Everywhere I go I keep a cutta, and Darro tryna catch a body
Yeah, it's been so, so long I've been geeked up
It take two of the runts, she said I speed up

She said I speed up
