Kankan

So many nights, I was having dreams that I was dying  
Now they niggas mistake weakness for kindness  
Gotta stack it, you know I'm Z'd up, diamonds shining  
Bitch, I'm blinding, shit, yeah, I stand tall up in this bitch  
Who let dog just drop some shit? Man, my dog just got acquitted  
I'm the type to hit the mall and spend a 'fit, yeah  
Nigga hop out the ride and go crash, I'ma hit his head, yeah  
Nigga popped out with that check, nigga popped out with baguettes  
All these hundreds, nigga, get you walked down without breakin'  
a sweat  
These niggas ain't break no sweat  
All these diamonds on, nigga, by the neck  
On some Adderall, mix oxycontin with X  
I'm gon' be up to the next morning (Hey)  
Cut my ex off, nigga moved on, yeah, to the next one  
I just called my new bitch up, I need some neck soon  
Gotta call up my new ho, my favorite one, my best one  
I just filled the bags up, nigga, yeah, with cash  
Niggas probably won't believe it, we was down on our ass  
I been geeked up, yeah, for thirty days and thirty nights  
I had lil' bro go on a rampage, he don't take shit light  
(He don't take it light)  
Nigga been stackin' this shit up, young nigga, from the ground up  
Niggas been stealin' my swag, yeah, for a few years, ain't found one  
All this money, hundreds, know this shit that we ran up  
Just cracked a new seal, no, I ain't sign no new deal  
What you made just in one year, spent on my ho, yeah  
What you saved up in one year, I spent that in one month  
Yeah, what you saved up just in a year, I put in my ears
