Your fault, I had to cut ties with 'em, can't make my own choices  
Can't make my own choices  
Wake up, pourin' up poison  
Trackhawk way too noisy

All my thots, they gorgeous  
Pints filled up, enormous  
Leaf on your head, you should ask

Doze off in the back of the 'Bach

They treat me like the GOAT everywhere I go, status, yeah, for real  
Everywhere I go, get ether, nigga, for sure, nigga, talkin' 'bout pills

You know my wrist is still gon' hit if I turn off all the lights  
Huh, know I gotta keep that stick for gettin' caught at that light  
Huh, know I gotta keep that stick for gettin' caught at that light  
Hop out with the fuckin' stick, high like a satellite  
We at the top of all of this shit, we ain't afraid of heights  
Huh, I'm gonna cop new Rick, I don't care about the price
