Kano

I'm gonna get that paper

I'm gonna get that paper Major, fuck them fuckers now, spend a little later,
I'm gonna get that paper Major, fuck them fuckers now, spend a little later
(it's K-A!),
(I'm gonna get that paper Major, fuck them fuckers now, spend a little later
,)

Look, I'm back I bun down the city,
Badboy n I don't run round with Diddy,
Hardcore I don't dumb down for any,
If they ain't ready, tell em buy Jamie T, cause I'm heavy,
Bassline messy n yeah I go Glastonbury n wear wellies,
Cause I'm a known rapper, was no Fonejacker but I got the 'LCD' and it's HD
ready,
Look, I'm sick of the comparisons already,
I listen when I square like Madison,
Rent mansions don't stay in the Radisson,
Any other rapper I'm bigger n badder than,
See I'm in a different league, I'm a different breed,
You're Championship, I'm Champions League,
Back a day I was in that champion team,
Name on the back 'brap brap' like I was on stage,
N I rap bout 20-man deep, next that's Wembley? 20 seats cause,
I'm one of the best MCs to spit it,
UK or US fuck the critics,
You spray n you dress with no fittin,
Look, I'm the hardest regardless,
See I'm on the road so they rolled out the red carpet,
So cool with my? glasses,
Limelight so I shine like varnish,
It's my time, I'm now you're past it,
You're an MC, I'm an artist,
N I'm still old skool like a partin',
I'm still half in, the industry half in the streets
N the mixtape market, so I'm still hungry like I'm fastin,
Tahahaha, to the bank I'm laughin

Look, I'm back I bun down the endz,
I come for pounds you come back for pence,
I own the flow n no doughs left?
Landlord, I might come down for rent,
I come to my senses early on,
Now mamis got that Hermes on, with her Vuitton,
Louis, case, mortgage paid,
This place I represent, These people I'm there for them,
These verses I recommend, You rewind n hear again,
You won't witness this again,
The MC spit so quick with such sense,
Such soul, n success, Home Sweet Home, Classic,
Fuckin Illmatic, addict, Kane's still at it,
Don't make me prove this again,
That I'm the shit I'm the best, with all due respect,
But no disrespect, when you go right I go left,
I'm different, if you ask me,
I'm the people's champ like Ali

Look, I'm better I'm greater,

Hot now veteran later,
That's why your gettin them peanuts,
N I'll be gettin that paper,
I'm dark I'm Vader, no stranger, I know what grime is,
I'm Legend like Will Smith where I live,
Cristian D's over the eyelids,
The shit we need to look the fliest,
Diamond rings n no TV licence,
Magnum Dom P n BT's cut off,
Stereotype fuck that I'm a one off,
It's just one of the things I do,
Custom tracksuits n bling my shoes,
Cause I don't wanna live average, do you?
I wanna hear everybody sing my choon like,
I'm gonna get that paper

Look, I make money, I make money money,
I don't, take money, I make money money,
I don't, make music just to make money money,
I make, big money, to give money money,

Hey I, I don't watch yours, so don't watch mine,
Cause every I'm hustlin I stay on my grind,
Hey I, I don't watch yours, so don't watch mine,
Cause every I'm hustlin I stay on my grind
