Everybody's My Friend

Someone calls out my name They ask me how I've been So what's it like in the big time? Will you be my friend

Have you met Mick Jagger? Ringo, George or Paul? Do you have my number? Will you give me a call?

4 o'clock in the morning I hear the telephone ring It's the voice of a stranger saying I like the way you sing

They all want to know Do you make a lot of money? They all want to know Will you change your name? They all want to know What's it like to be a rock star? Everybody wants to know if they can hang around

Everybody's my friend, hello, hello Everybody's my friend, hello, hello

Everybody wants to have a little piece of the action Everybody wants to get into the show Everybody falls in love with the main attraction Everybody wants to know if they can hang around

Everybody's my friend, hello, hello Everybody's my friend, hello, hello

Some people they that I'm changing They say I'm not the same But they don't understand me There's so much more to flame

They all want to know Do you make a lot of money? They all want to know Will you change your name? They all want to know What's it like to be a rock star? Everybody wants to know if they can hang around
