Kanye West

I married the best rapper of all time  
Not only that, he's the richest Black man in America  
A talented, legit genius who gave me four incredible kids

Let me not, let me not  
I better not, it'd be best if I stop  
Let me not, go apeshit, full BAPE  
I was down, no es- (Yeah, ayy)  
I was down, no escape  
I was down, ain't no escape  
There's no escape  
Lupe out my town, had to skate, skate (Kick, push)  
We just said goodbye but it's straight (But it's straight, ayy)  
I fuck with her vibe, it's okay (It's okay, ayy)  
Got me hypnotized, in a daze  
Protect my mind, protectin' what's mine

Welcome to the Sci-Fi  
Make a choice, oxygen or Wi-Fi? (Wi-Fi)  
Welcome to the Sci-Fi  
Make a choice, oxygen or Wi-Fi? (Wi-Fi)

Do your thing now  
Then and now, passin' out  
When you lay down and I gave you the semen  
I swear I heard God, the voice of Morgan Freeman (Freeman)  
Baby, bye-bye, baby, baby, bye-bye  
Baby, bye-bye, baby, baby, bye-bye  
I'm just going to remove myself  
From the situation 'fore I lose myself  
From the situation 'fore I lose my health  
I can't control you but I can rule myself
