

# Too Easy

Kanye West

Two of them, two keys  
Too breeze, too easy  
Too breeze, too easy  
Too breeze, too easy (Yeah)

Remember at the dawn, waiting for my whole life (Yeah)  
Doing all that producing at midnight (Yeah)  
Living on utter bliss, nothing but no mind (Yeah)  
Turn around to leave nothing but new light (Yeah)

Ain't no one love me  
I ain't even gonna love me  
I needed you to love me  
Love me  
Ain't no one love me  
I ain't even gonna love me  
I needed you to love me  
Love me  
Ain't no one love me  
I ain't even gonna love me  
I needed you to love me  
Love me
