

Lambareggae

Kaoma

Let me tell you
Why I feel so good
I can't watch my body
It's driving me crazy (lambada reggae)
Just you and me
Dancing on the beach
We're rolling and moving
Grooving to the beat (lambada reggae)

Owe owe, owe oha
We're gonna dance lambada reggae through the night
Owe owe, owe oha
We're gonna dance lambada reggae through the night
Dance, oh dance lambada reggae
You don't need to think about tomorrow
Dance, oh dance lambada reggae
Together with love and emotion

Stand up and do it
Forget who you are
Just wanna see you dancing
Come on, get in the scene (lambada reggae)
Sound is alright
Now you have to try
Close your eyes, you've got it
Keep cool for a while (lambada reggae)

Owe owe, owe oha
We're gonna dance lambada reggae through the night
Owe owe, owe oha
We're gonna dance lambada through the night
Dance, oh dance oh lamba reggae
You don't need to think about tomorrow
Dance, oh dance lambada reggae
Together with love and emotion

With love and emotion

Choose a partner, keep her close if you can
Let the feeling grow, for sure you'll do it well
Move your feet, don't be afraid
Come on, let the music blow your mind (lambada reggae)
Come into the rhythm, let your body move around
You will find a way to do it right
If you're ready, we're gonna dance it night and day
We're gonna have some fun (lambada reggae)

Owe owe, owe oha
We're gonna dance lambada reggae through the night
Owe owe, owe oha
We're gonna dance lambada reggae through the night
Owe owe, owe oha
We're gonna dance lambada reggae through the night (lambada reggae)
Owe owe, owe oha
Wanna see you dancing
Moving to the beat (lambada reggae)
Owe owe, owe oha

I can't watch my body
It's driving me crazy (lambada reggae)
