

A Day Without A Mexican

Kap G

I got a question for the president
We been workin', where the hell you been?
Hoi' up, you better think again
What's a day without a Mexican?

Ayo
Mi gente bailando, mi gente gritando
Ayo
What's a day without a Mexican?
Ayo
Sigimos bailando, sigimos bailando
Ayo
What's a day without a Mexican?

I got people in my family, got no papers
Who sit at the Home Depot, searchin' for some labor
Taco Tuesday, yeah, dog, you can thank us
Pops workin' Ruby Tuesday, they ain't pay much
We ain't goin' back to broke like I'm a banker
It could be 6 below, let's get the paper
Got a bih from Sinaloa that wear no make up
She just want to get to know me for the paper
You know, when the heat on
We gon' be on, right
Ridin' with no AC on
In a Nissan
It's some things we don't agree on
We want freedom
Can't treat me like a peon
'King' like Leon

I got a question for the president
We been workin', where the hell you been?
Hoi' up, you better think again
What's a day without a Mexican?

Ayo
Mi gente bailando, mi gente gritando
Ayo
What's a day without a Mexican?
Ayo
Sigimos bailando, sigimos bailando

What's a day without a Mexican?

Sendin' money to family yo when they need cash
Probably made the crib where you sleep at
There's more to trappin' than bringing weed back
CEO dreams, workin' on keypads

See, I been awake
They label us as renegades
Let 'em imitate
It's ok if you afraid
Yeah, it's better days
Life ain't always lemonade
But it's many ways

To put food on your dinner plate
We ain't all big bailers, with big commas
See, I know we work harder
Let's work smarter
We can all flip dollars, a bit taller
Just a little bit farther, we on top, look

I got a question for the president
We been workin', where the hell you been?
Hoi' up, you better think again
What's a day without a Mexican?

Ayo
Mi gente bailando, mi gente gritando
Ayo
What's a day without a Mexican?
Ayo
Sigimos bailando, sigimos bailando
Ayo
What's a day without a Mexican?

Drinkin' horchata, my diamonds bachata
Do it for my mama, I do it for my papa
Yeah they risked all that, you can be a doctor
Just put down your Chopper
Listen to my offer
