Kap G

Yeah, yeah, yeah

We came from nothin', can't tell me nothin'  
Might smoke me a onion, feel like I'm in London  
They used to be frontin', now we do no lovin'  
Ooh, I want her cousin, I call her my pumpkin  
I'ma blow smoke in they faces, look at my diamonds they HD  
Nigga be buyin' these rupees, nigga, got signed by KP  
And a nigga only was 18, then I met Pharrell, he the Bape king  
Heard they puttin' on just for ratings, I'm a CEO in the makin'

I'm a CEO in the makin'  
They don't really want me to make it  
Fuck that shit, I'ma take it  
In high school, I wore Asics  
Then I brought back new New Balance  
I wear them in 2010  
Make a nigga crank that pool pass  
Know my niggas come out with that FFN  
Kick the door down 'cause they gon' let me in  
Treat my partners like brothers, I don't got no friends  
I been swimmin' with sharks and I don't got no fins  
If you knew where I came from, I'm not with the game  
You gotta watch out for your enemies  
Even your friends be your frenemies  
Fuck all that cappin', you 'posed to be kin to me  
Fuck all that sad shit, I don't show no sympathy  
Fuck a color, I just wanna get green  
Get the profits, split it up with the team  
Swear that's why I had to roll up my jeans  
I'm a rapper slash actor, might be on your screen  
They must not know where I came from  
Sacrifices, had to make some  
Only eat with the ones who were with me before I had shit  
Dare you to say somethin', these be my day ones

We came from nothin', can't tell me nothin'  
Might smoke me a onion, feel like I'm in London  
They used to be frontin', now we do no lovin'  
Ooh, I want her cousin, I call her my pumpkin  
I'ma blow smoke in they faces, look at my diamonds they HD

Swear they only see the shine  
But they don't never see the grind  
Before these Louis V designs  
I was slangin' rhymes like they lines  
Pull up on that bitch and hit from behind  
Told my partners, we gon' see better times  
How the hell we gon' get left behind?  
We upper echelon, we gon' get rich or die tryin'  
Change up my line

Naw fool  
Hol' up, I'm tryna wet her food

Daddy got locked by them cops  
Man, he stood on that block, he was sellin' that dog food  
Fuck what them niggas gon' call you  
Broke is what they never call you  
Once car for one of my niggas  
Man, best believe all of them bitches gon' fall through  
N-n-n-n-n-naw fool, these niggas sound like some house shoes  
I just be drippin' that Ragu, you cannot cuff me like the cops do  
And I'ma reply like a boss too  
And I answer all like a boss too  
I just wanna buy my own house, fool  
And I'ma just trap out the house, fool, you dig?  
Fuck, gon' drink it away  
Y'all call them cops, they pigs  
Put this shit all in a blunt  
Y'all smokin' cigs, that ain't it  
Dreams on big, blunt on big  
Bad bitch with me but she ain't shit

We came from nothin', can't tell me nothin'  
Might smoke me a onion, feel like I'm in London  
They used to be frontin', now we do no lovin'
