

ICE Baby

Kap G

I took a gamble with life
I'm the one rolling the dice
I just got some brand new ice
I flood out the Jesus Christ
But I'm still screaming fuck ice
We just wanna live our life
You know it's kapfe 4 life
I'm riding, wrong or right (yea)

New buss down AP I put my wrist on ice baby
I just went north but I'm from the south crazy
Spend it all on drip I don't never ever save it
I handle the pressure like I'm running with brady

Mi casa su casa
Please proceed with caution
I don't owe em nada
Remember rocking da da
Now I'm rocking prada
I really hadda sleep on them couches
