

Move On Up

Kap G

Move on up, you hoe
Shorty say, you ain't shit
She can suck my two balls
I just sit back think dang like lewho
Keep a Trojan in my pocket but I'm still too raw
It's all a joke to you huh? Like Lil Duval
But I kept my mind straight
Said fuck you all
My boy quick to get the heat
I gotta tell him cool off
He aiming till you fading with the red nose, Rudolph
But he use to hit the dice game with a dollar and something
Come back to the crib, he got a couple of hunnids
Don't get me wrong he took a couple of loses
Double or nothing
They lose your whole pay check
It like you working for nothing
They blowing on oxtank
Cooling in apartments
They going fuck with different College Park
Down to Compton
God Dang/God Dang
With his headbump in
He ain't say shit when the cops came
Nothing change

All black on
Yea I'm blessed like a reverent

They want to be on me
I ain't saying I'm a saint
Like New Orleans
But every time they see me they want to see ID
Shit, I wouldn't be surprised if they on my IG
Why you stressing G?
Get some tree, like the logo on LRG
Count j's, get the money, what the fuck y'all mean

And I'm blowing on their [?]
My brother got a dollar, he gonna go hit the dice game

So it's only right that I gotta do my thing
