She pull up to give me them chips  
Hope you 'bout that action when I pull up  
Go'n with all that capping, she gon' pull up  
I just wanna know, I just wanna know  
I just wanna know, I just wanna know

Straight out the mud with this shit  
Pull up in brand new whip  
Shawty she fuck with my pimpin'  
She know Lil Baby got drip  
F&N right on my hip  
She keep three eighty on her  
You know my baby no square  
She gon' stay down when it's real  
All my pockets full, all my pockets full

You can see the way they pokin' (I'm loaded)  
All these diamonds froze, all this water on me  
Got me feeling like the ocean  
Bought the Jag truck just to match up  
Put three hundred thousand on the road  
Ever since a nigga ran it back up  
Why these hoes treat me like I'm gold  
Can't fuck with no snitches 'cause they can't get close to me  
No Future and Scooter but I know she notice me  
And she gon' pull up, yeah wherever I tell her  
Niggas holdin' and they don't even know me  
'Cause fuck your baby daddy, he ain't got no money  
I nut in her face so she see how I'm comin'
