Kap G

In my cup, pour it up in my cup  
Roll it up, roll it up let's get slumped  
You been up, you been up, you been up  
That what's up, that what's up, that what's up  
In my cup, pour it up in my cup  
Roll it up, roll it up let's get slumped  
You been up, I been up, I been up  
I been up, I been up, I been up, yeah

I'm in the back of the bank  
She had Alexander Wang  
This is 1-0-1  
Ball like 1 on 1  
I had to run it up  
Went and got my money up  
You are not one of us, yeah  
You are not one of us, unh  
And my partners got them bricks they can build a house  
Get'em by the low, fly 'em to the dirty south  
And my partners got them bricks they can build a house  
Get'em by the low, fly 'em to the dirty south  
Talk about it, be about it take another shot  
Rap money came in copped another loft  
I got three-month sauce  
I had to be a boss  
I feel like the goal baby, I can't see a loss

In my cup, pour it up in my cup  
Roll it up, roll it up let's get slumped  
You been up, you been up, you been up  
That what's up, that what's up, that what's up  
In my cup, pour it up in my cup  
Roll it up, roll it up let's get slumped  
You been up, I been up, I been up  
I been up, I been up, I been up, yeah
