

## Southside

Kap G

I might come through, pour up ayy  
Rep it every day  
Southside, southside  
Southside, that's where I'm from

12 ride by like every day  
We hear sirens every day  
Southside, southside  
Southside, that's where I'm from

Time to put the city up on my shoulder  
Where your ass was it when I had Corolla?  
Young migo, young migo, drank them Coronas  
I'm bout to autograph her areolas

Feeling like Jay-Z, you can't knock the hustle  
I'ma get them rings like I was Bill Russell  
If you not my brothers then I do not trust you  
These my confessions like I sing with Usher

I can't relate to these suckers  
Mama told me eat my Brussels  
I'm with my team like a huddle  
I had to bust out my bubble  
Everybody shooters, tell me who tussle

Rosaries, rosaries, I am a blessing  
Eating good, I'm going back up for seconds  
I come from where you gotta keep protection  
Popeyes and Church's in every direction

I'm from the side of town where it might go down  
When the po-po comes we don't make no sound  
50 shades of grey all up in my cup  
Still repping College Park, ain't nothing here new

I might come through, pour up ayy  
Rep it every day  
Southside, southside  
Southside, that's where I'm from

12 ride by like every day  
You hear sirens every day  
Southside, southside  
Southside, that's where I'm from

I just been trying to better me  
Stacking money, extra feta cheese  
I seen people turn to memories  
I seen shirts say "rest in peace"

Stack the bread like it's Sara Lee  
Man we make the call, no referee  
I know with my dogs, we need pedigree  
Better believe, I'm fly like a parakeet

Balling like Matt Barnes

Old school like Capcom  
Your gas ain't that strong  
Your money ain't that long  
You got your facts wrong

You got your facts wrong  
She got the MAC on  
I'm turning my mack on  
They see me with Ralph Lauren  
I laid out the platform  
I might bring back Phat Farm

Southside yeah where they made me at  
Southside turned me to a brainiac  
Southside turned me to a maniac  
What you sipping? Mainly that

Everywhere we go  
Heard she roll, watch her roll  
Main street, on that Clay Co  
Gotta stay on your toes

I might come through, pour up ayy  
Rep it every day  
Southside, southside  
Southside, that's where I'm from

12 ride by like every day  
We hear sirens every day  
Southside, southside  
Southside, that's where I'm from

I been living every day (like no mañana)  
Stand around for rainy day (like no mañana)  
You know Kap G keep that flame (like no mañana)  
You know I'm southside born and raised (like no mañana)

I might come through, pour up ayy  
Rep it every day  
Southside, southside  
Southside, that's where I'm from

12 ride by like every day  
You hear sirens every day  
Southside, southside  
Southside, that's where I'm from
